

**We're So Close We Can Taste It!** August 2015

 We can hardly describe the excitement we feel as we walk in the doors each day at C1 and know that we are a day closer to owning this building and solidifying our presence and the ministry here in Gloversville. Over the past few months *the Lord has provided \$67,000 of the needed \$80,000 to purchase this building* and we are beyond grateful for those of you who have contributed! We are praying fervently that the Lord will supply the remaining need which is critical to not only closing on the building but also replacing a non-operational furnace which will be crucial by fall.

A mere five years ago, our family never could have imagined all that God would do through the ministry and the ways in which He would stretch our family *and* provide for us. This latest growth step has been a wonderful test of our faith, patience and endurance as we have followed the Lord's leading. *Would you please pray for the remaining funds to come in this month?* We are dreaming BIG and praying for this campaign to be finalized so that we can shift our focus back onto what matters most; the people.

In other news, our family has now moved into our new home (as mentioned in our last prayer letter) and we are making the transition of the 1Gen youth to their new facility at 33 Bleecker Street. Add in our fundraising banquet, the annual yard sale, a mission team from NC, Epic Venture Camp, the C1 Soccer Clinic, the Back To School Bash and our daily recovery and Bible studies and it has been a very wonderful and busy summer! *God has been SO good!*

Thank you for your continued love and support! What a blessing you are! *Lyndie*

# epic venture camp

**INCREDIBLE!** That's the week we had with the

amazing kiddos who attended this year's Epic Venture Camp (our version of Vacation Bible School). With help from our partners from North Carolina and our very own 1Gen Youth, this year's camp was filled with laughter, growth and Jesus! We are grateful to all who helped us with this epic week!
